

Quarterly Production Return

1. Return particulars

Report Period: Q1 FY2026-27
Subsidiary: BCCL
Mine Name: Moonidih Colliery
Mine Type: Underground
Return Reference: CMPDI/RI-2/QPR/2026-27/014

2. Production

Production Tonnes: 1,284,500
Grade: G8
Average Daily Output: 14,272
Overburden Removal (cum): 4,120,000
Stripping Ratio: 3.21
Capacity Utilisation (%): 92.4

3. Deployment

Manpower Deployed: 2,145
HEMM Availability (%): 87.6
Contractual Manpower: 619

Figures in this section are provisional pending reconciliation with the weighbridge register for the closing month of the quarter.

Quarterly Production Return — continued

4. Despatch and stock

Despatch Tonnes: 1,251,300

Closing Stock Tonnes: 86,400

Washery Yield (%): 61.8

Rail Despatch Share (%): 74.2

5. Statutory and safety

Safety Observations: Nil reportable incidents during the quarter

Statutory Inspections: 4

Environmental Clearance Status: Valid until March 2029

6. Monthly breakdown

Month	Production (tonnes)	Despatch (tonnes)	Grade
April 2026	412,800	401,200	G8
May 2026	438,100	429,700	G8
June 2026	433,600	420,400	G9

7. Certification
